

Beaver Valley Ski Club is looking for Patrollers!

The Beaver Valley Ski Patrol is looking for skiers and snowboarders who enjoy helping people while sharing the love of winter activities in our beautiful Valley. Beaver Valley Ski Club offers a great environment for both employees and volunteers to engage in new relationships and form friendships which can be far reaching and extend well beyond one's role at the Club.

No first aid knowledge is needed! The Advanced First Aid course will give you unparalleled training in managing and treating injuries. You'll also become qualified in CPR and receive extensive On Snow Rescue Training.

The leadership, organization and communication skills you learn as a member of the Patrol will be invaluable on and off the hill.

As a Patroller, you will be a member of the Canadian Ski Patrol System (CSPS). The CSPS is a National, non-profit volunteer-based organization dedicated to promoting safe skiing/snowboarding and enjoying the winter sports we love. First aid and rescue services are provided to ski resorts all across Canada.

There are over 750 active Patrollers in the Greater Toronto, Barrie and Collingwood areas alone!

For those of you First Responders (Paramedics, Firefighters etc.), joining is even easier - a modified course is available.

Online registration for the 2012-2013 Season is only \$185.00.
